

Partnership and Employer Opportunities

About Community2Work® (C2W)

To address the unique challenges the job market poses for both job seekers and organizations, we serve as a community partner helping UPMC and its affiliates diversify staffing. Through customized coaching and training this innovative program provides job seekers and workforce program participants with a chance to develop their skills and be matched for potential employment.

Community2Work® gets candidates prepared and pre-screened for employment with UPMC.

Why Partner With Us?

Creating relationships with community resources and employers help individuals find the right career placement or training. By getting involved, you strengthen the pool of quality candidates that are ready to work. Community partners gain access to resources for their clients. We invite you to partner with us for Recruitment Events, Job Readiness Training, and jointly coordinated offerings.

Benefits

Job seekers benefit the most from partnering with us! Employers, job training providers, and community-based organizations increase their chances at meeting their goals of recruiting qualified candidates or gainful employment for clients.

Together we can offer prospects free access to sessions within the communities with a chance to develop their skills and be matched for potential employment.
